Prepare both a summary paragraph of significance and a general statement of history and support.

The building presently occupied by Moore's Funeral Home was moved to this site c. 1900 from its original location at the southwest corner of Second Street and Market Street. The original section appears to have been a c. 1860 five bay "I" house with Greek Revival features. Later, during the Victorian period, it was altered by the addition of a central cross gable and modified Palladian windows. Most of the modern additions to the house have occurred on the north elevation.
